

WHH Athletic Facility Mission:

The mission of White House Heritage is to provide the youth of our community with a quality athletic environment which promotes healthy living, leadership skills, citizenship, sportsmanship, teamwork, and the enjoyment of athletics..

WHH Athletic Facility Vision:

Our athletic facilities must meet the needs of our community by engaging organizations and stakeholders that support our mission.

Financial Funds are needed to finish the construction of the New White House Heritage High School facilities. Robertson County is providing the financial funding for the construction of the New School building, but not including any structure outside the walls of the new school. The White House Heritage High School Booster Club is working with the community to raise the funds needed to complete the construction of the new facilities. The Patriot Paver Program is one of many ways in which you can donate financially to the cause of completing the construction. The White House Heritage High School Boosters are committed to raising the 2.1 million dollar shortfall and with your help in supporting programs like the Patriot Paver Program, that goal will be reached.

The Patriots Paver Project

The project is designed to honor alumni, students, staff, teams, organizations and community members.

Mark your memory in time!

If you are interested in a unique gift for someone special, look no further. The Brick Campaign is underway! This campaign was created to support the Patriots team athletic facilities and to support those
